9.1 Valuing diversity and promoting inclusion and equality

Policy statement

Hanborough Pre-School are committed to ensuring that Hanborough Pre-School service is fully inclusive in meeting the needs of all children.

Hanborough Pre-School recognise that children and their families come from a wide range of backgrounds with individual needs, beliefs and values. They may grow up in family structures that include one or two parents of the same or different sex. Children may have close links or live with extended families of grandparents, aunts, uncles and cousins; while other children may be more removed from close kin, or may live with other relatives or foster carers. Some children come from families who experience social exclusion, severe hardship; discrimination and prejudice because of their ethnicity, disability and/or ability, the languages they speak, their religious or personal beliefs, their sexual orientation and marital status. Some individuals face discrimination linked to their gender and some women are discriminated against because of their pregnancy and maternity status. Hanborough Pre-School understand that all these factors can affect the well-being of children within these families and may adversely impact on children's learning, attainment and life outcomes.

Hanborough Pre-School are committed to anti-discriminatory practice to promote equality of opportunity and valuing diversity for all children and families using our setting. Hanborough Pre-School aim to:

- promote equality and value diversity within Hanborough Pre-School service and foster good relations with the local community;

 - age;
 - gender;
 - gender reassignment;
 - marital status;
 - pregnancy and maternity;
 - race;

- disability;
 - sexual orientation; and
 - religion or belief.
- where possible, take positive action to benefit groups or individuals with protected characteristics who are disadvantaged, have a disproportional representation within the service or need different things from the service.
